

BERT FRANK

BERAN

## HISTORY

Bert Frank is an award-winning British lighting brand founded by designer, Robbie Llewellyn and manufacturing specialist, Adam Yeats, who share a passion for life-enhancing design and a deep respect for the heritage of British engineering.

We remain committed to celebrating British craftsmanship and quality and to this day, we still manufacture and assemble every product exclusively in the UK from our factory in Birmingham, by combining traditional manufacturing methods with cutting-edge technology and the highest-quality materials.

Bert Frank's mission is to draw on influences from industrial hallmarks, art deco forms and mid-century design sensibilities, to create expressive lighting that honours the legacy of British design through their enduring quality, built to last a lifetime.

Beran merges traditional raw materials such as brass and alabaster with modern engineering techniques, resulting in a harmonious blend of grace and durability. Alabaster is a natural stone and therefore each piece will feature unique veining and detailing. Standard brass finish options provided below and bespoke finishes available upon request.

SATIN NICKEL

BRUSHED BRASS

ANTIQUÉ BRASS

DARK BRONZE

Beran Wall Light Large in Brushed Brass

# WALL LIGHT

Precision-machined brushed brass with natural alabaster diffusers back and front in an 'oyster shell' design. Each piece relies on the next for support.
