**Padding:** seat cushions are integral part of the structure and are made of non-deformable polyurethane foam of various densities with a soft layer of synthetic fiber. The horizontal surfaces are covered with a waterproof lining, which prevents the water to pass through, even in the case of stagnation. While the vertical ones are covered with a water-repellent lining that favors the flow of water but which at the same time guarantees the ventilation of the underlying structure. The padding of the decorative cushions is in silicone fiber covered with a water-repellent lining.

**Feet:** in Iroko wood impregnated with acrylic resins.

**Covers:** completely removable with Velcro and nylon zipper.

**Metal accessories:** all the metal elements such as fixing hooks for backrests and armrests, screws, staples and more are in stainless steel.

However, it is recommended to use it in sheltered areas such as covered verandas or terraces.

## CARATTERISTICHE TECNICHE

**Struttura:** interamente in legno multistrato. Molleggio a cinghie elastiche rinforzate.

**Imbottitura:** i cuscini di seduta sono integrati nella struttura e realizzati in poliuretano espanso indeformabile a densità differenziate con un morbido strato di fibra sintetica. Le superfici orizzontali sono rivestite da una fodera impermeabile, che impedisce il trapasso dell'acqua anche nel caso di ristagni. Quelle verticali sono invece rivestite da una fodera idrorepellente che favorisce lo scorrere dell'acqua ma che garantisce contemporaneamente l'areazione della struttura sottostante. L'imbottitura dei cuscini d'arredo è in fibra siliconica rivestita da una fodera idrorepellente.

**Piedini:** in legno di Iroko impregnato con resine acriliche.

**Rivestimento:** completamente sfoderabile tramite Velcro e cerniera in nylon.

**Accessori in metallo:** tutti gli elementi in metallo quali ganci di fissaggio per gli schienali e i braccioli, viti, griffe e altro sono in acciaio inox.
